so she 10 on a 10 cuz I aint gotta mold her. CHORUS: [Playalitical] We aint gotta get a telle, we aint gotta leave here, we aint gotta get a room girl/ "that's what they say"/ Nah we can do it right here, in the back like yea, do what you do girl. "And all my bitches say" [Luscious]we aint gotta get a telle, we aint gotta leave here, we aint gotta get a room boy/ "that's what they say"/ we can do it right here, in the back like yea, do what you do boy.

Verse 3 [Playalitical]

They love the way I disgrace a real preety face
put little miss populars in they place
how you gonna act like a model when you hooked on bass
gotta smoker waist track marks on your legs
you don't give it to nobody on the first 50 dates
but I hit the first night in a drop 58
had you under the steering wheel on the interstate
you had intercourse with the new rapper in the source
now you can really brag to your home girls
how the homie beat it up and made your toes curl
you riddin wit a champ now the boys so thorough
an undergournd boss hiphops Robert deniro
what more is there to prove you understand now make your move
stop actin like a valley girl that aint gotta clue
Im Playalitical and very few do what I do
now pull em to the side and let me do what I do. CHORUS: [Playalitical] We aint gotta get a
telle, we aint gotta leave here, we aint gotta get a room girl/ "that's what they say"/ Nah we can
do it right here, in the back like yea, do what you do girl. "And all my bitches say"
[Luscious]we aint gotta get a telle, we aint gotta leave here, we aint gotta get a room boy/
"that's what they say"/ we can do it right here, in the back like yea, do what you do boy.
