Rise Above 1 (feat. Bono and The Edge)

Reeve Carney

And you said rise above Open your eyes up And you said rise above But I can't I can'tHow long will it take Before these feelings Go away How much longer do I wait And are there any real answers AnywayYour silence in a crowded room Louder than the loudest tune I hang on every word And you said rise above Open your eyes up And you said rise above But I can't I can'tI miss you in everything I was too fast traveling To take you inI know, silence is no crime Just wish I could hear you fill it up One more timeYes, I know what you'd say to me Exactly what you said to me I Still hang on every wordAnd you said rise above Open your eyes up And you said rise above Yourself In a time of treason Is there time for trust Where there's no them Only us Is there time for reason? Has your heart had enough Is it time to let go And rise above? And you said rise above Open your eyes to LOVE And you said rise above Yourself
