

# New Way Home

K.T. Oslin

Slowly I'm healin'  
Broken hearts take a little time  
Now that I'm feelin' stronger  
Time I changed one last pattern of mine  
(Chorus:)  
(I have to find  
Me a new way home  
I can't be drivin' by your house no more  
How's that old sayin' go  
You better leave well enough alone  
And find a new way home  
I have to find a new way home  
I have to find a new way home)  
Have to drive an extra mile or two  
What else can I do  
I don't want to see  
Cause someday I'll see  
Somethin' I don't want to see  
And it'll only break my heart all over again  
Can't afford it my friend  
This'll have to end  
It's the only heart I got  
And it needs a little more time to mend  
(Repeat Chorus) I have to find a new way home  
Gotta find it  
I have to find a new way home  
Gotta find it
