

Sweetheart

Sworn In

Oh sweetheart, oh sweetheart
This is how we both start
Oh sweetheart, oh sweetheart
You're breaking my heart Oh sweetheart, oh sweetheart
I'm tearing us apart
Oh sweetheart, oh sweetheart
You're breaking my heart If he touched you
And you touched him
And things changed on a whim
Then I wouldn't know what to say
I'll just sleep all day
And fade into grey
If he touched you
What would I do?
I think I'd have to kill you too
Along with me
Why can't you see?
That this is such a perfect fucking tragedy Oh sweetheart, oh sweetheart
Oh sweetheart, oh sweetheart
My lover, my lover, my lover
FUCK FUCK
My lover, my lover, my lover Lover, my lover, my lover
FUCK FUCK
My lover, my lover, my lover
