(You already know what it is, man, this ain't nothin' new to y'all, man) Yeah yeah ha ay

Come and kick it with me for a minute, you know what I'm sayin' (King of the South)

Come and ride with a nigga right quick, a'ight? Hey, hey, hey, come and ride wit' me, nigga, let

Where them suckas get it at and hustlers keep them chickens at
Ride wit' me, nigga, let me show you where we kick it at
Where ho niggas be snitchin' at and often come up missin' at
Ride wit' me, nigga, let me show you where we kick it at
Where them killers livin' at and T.I.P. be chillin' at
Ride wit' a G, come and ride wit' a G
All through the ATL, come and ride wit' a G
You see me ridin' through Atlanta in a Phantom with the double door
Make these bitches wonder what he be in so much trouble for
I'm touchin' folk, any time they try and Grand Hustle folk, I'm bustin' folk
What the fuck they arguin', fussin', cussin' for?
You lucky, ho, a couple years ago I'd have probably cut your throat
But fuck it though, what I'm spendin' something on a nothin' for?
This well-known flow, man I got this shit from Simpson Road
Adamsville, Bowen Homes, Center Hill to Zone 4
A drop top, flip flop, shine as the chrome glow
When Tip pop out the roof, hey what he up in Herndon Homes for
Alone though? Shit, he just doin' what he known for
Blowin' dro on 24's, livin' how the song go
Rubber burnin', turnin' corners, beatin' like a Congo
You try to jack and pull a strap, it's ASAP pronto
King of the South, every hood's head honcho
I'm West Side certified, go where the fuck I wanna go
Hey, hey, hey, come and ride wit' me, nigga, let me show you where we kick it at
Where them suckas get it at and hustlers keep them chickens at
Ride wit' me, nigga, let me show you where we kick it at
Where ho niggas be snitchin' at and often come up missin' at
Ride wit' me, nigga, let me show you where we kick it at
Where them killers livin' at and T.I.P. be chillin' at
Ride wit' a G, come and ride wit' a G

All through the ATL, come and ride wit' a GHey I told you I'm an OG, never had cold feet
Ya end up with no teeth, nigga you don't know me
I knock you off ya feet, put holes in ya 'til ya clothes leak
Tossed this in the river like I threw away my old heat
You chose to oppose me, who the fuck you s'posed to be?
Mechanicsville and Summerhill and Zone 3 to roll with me
No hoes with me, you know all the blow these folk have sold with me?
I'm everything you s'posed to be, boy, ain't no runnin' over me
Kick it with the King and let me show you what I mean, man
Most these niggas rappin' bout a block ain't never seen 'em
Real niggas recognize real niggas, and ye ain't none
You don't know how to stab a nigga dead, keep a clean hand
Sell a block for 24 you got for 17 a gram
