

# Ov Fire and the Void

## Behemoth

I the Sun ov man  
The offspring ov the stellar race  
My halo fallen and crushed upon the earth  
So that I may bring balance to this world I son ov perdition  
From sheer nothingness transgressed  
Unto the highest self -- to utmost freedom  
To explore the starry nature ov my rage I pulse ov existence  
The law ov nature undenied  
I hold the torch ov Heraclites  
So I can shake the earth and move the suns I divine Iconoclast  
Injecting chaos into my veins  
With life accepted  
With pain resurrected  
Is the embrace ov god in man profound  
The joy ov a dawn  
The ecstasy ov dusk  
Nourished have I this karmic flow  
Where great above meets great below  
Let it be written!  
Let it be done!  
Scattered I walk towards the fractured light
