Ov Fire and the Void

Behemoth

I the Sun ov man The offspring ov the stellar race My halo fallen and crushed upon the earth So that I may bring balance to this worldI son ov perdition From sheer nothingness transgressed Unto the highest self -- to utmost freedom To explore the starry nature ov my rageI pulse ov existence The law ov nature undenied I hold the torch ov Heraclites So I can shake the earth and move the sunsI divine Iconoclast Injecting chaos into my veins With life accepted With pain resurrected Is the embrace ov god in man profound The joy ov a dawn The ecstasy ov dusk Nourished have I this karmic flow Where great above meets great below Let it be written! Let it be done! Scattered I walk towards the fractured light
