

# Terrible Angels

Charlotte Gainsbourg

My head is pending  
My ...is dry  
But i . i wait and see it the way  
...  
Holly holly change into me and something else.  
Inside out  
Inside out  
Fear and fear, freedom going down  
Is just a .  
Friction for me now.  
Fear and fear, .just pull me down  
Is just a . friction for me now  
I want release from isolation  
I want release from  
I want release, i want release  
Terrible angels  
Different sorrows  
...  
They will walk with me again  
...  
Why could end .  
My .my protective my .  
I don't wanna .  
La la la la la  
Feel feel feel  
Please don't call me now  
Is just a .  
Reaching for me now  
I want release .isolation  
.good intentions, poison wine and i ain't this .sex of  
I ain' t .making .  
Change change change
