

# Summertime Anthem

## Jonas Brothers

Rewind July last summer, I saw Santa jumping through my sprinkler

Rudolph, Jack Frost, and a reindeer

Opened up a lemonade stand on my corner

Two cups for a dollar Open up your eyes

(Crazy summertime)

Don't know what you'll find

Upside down, the weatherman says snow

But it's burning up outside

It's always summertime Push play, today I saw my girlfriend

At the beach putting sunscreen on a penguin

Just when I thought it couldn't get weirder

I saw the Grinch at the boardwalk with my teacher, weird

Open up your eyes

(Crazy summertime)

Don't know what you'll find

Upside down, the weatherman says snow

But it's burning up outside

It's always summertime

(It's always summertime)

It's always summertime When my teacher's with the Grinch

(Crazy summertime)

And St. Nick is getting kitsch

(Crazy summertime)

And now Rudolph is getting rich

(Crazy summertime)

All the elves are in Hawaii

Open up your eyes

(Crazy summertime)

Don't know what you'll find

Upside down, the weatherman says snow

But it's burning up outside

(It's crazy summertime) Open up your eyes

(Crazy summertime)

Don't know what you'll find

Upside down, the weatherman says snow

But it's burning up outside

It's always summertime
