

# Halcyon

Ellie Goulding

I know it's not over  
Baby I worked this out for sure  
It's gonna be colder now you've forced open the door  
I know you better  
Than I ever have before  
I know you I know you're a fighter  
But you never fought for me  
When I was shelter  
And you're not heading home to me  
We could be closer  
We could be closer  
We could be  
When it's just us  
You show me what it feels like to be lonely  
You show me what it feels like to be lost  
I take your hand for you to let it go  
Let it go  
Let it go  
Let it go  
When it's just us  
You show me what it feels like to be lonely  
You show me what it feels like to be lost  
I take your hand for you to let it go  
Let it go  
Let it go  
Let it go  
It's gonna be  
It's gonna be better, it's gonna be better  
It's gonna be better, It's gonna be better  
Oh, it's gonna be better, it's gonna be better  
It's gonna be  
It's gonna be better, it's gonna be better We'll take a long walk  
Down the alleys of these houses  
And we'll talk  
See what conversation rouses  
When we're alone  
When we're alone  
This could be home When it's just us  
You show me what it feels like to be lonely  
You show me what it feels like to be lost  
I take your hand for you to let it go  
Let it go

Let it go  
Let it goIt's gonna be  
It's gonna be better, it's gonna be better  
It's gonna be better, It's gonna be better  
Oh, it's gonna be better, it's gonna be better  
It's gonna be  
It's gonna be better, it's gonna be better  
It's gonna be  
It's gonna be better, it's gonna be better  
It's gonna be better, It's gonna be better  
Oh, it's gonna be better, it's gonna be better  
It's gonna be  
It's gonna be better, it's gonna be better...
