

# Montana

## Justin Timberlake

[Chorus]

Couldn't get any better, huh  
You and I here together, huh  
Love kicked in and hit us, huh  
Let your body tingle, uh[Chorus]  
Take a light, do you like that?  
'Cause it likes you back  
Likes you back, likes you back, likes you back  
Take a light, do you like that?  
'Cause it likes you back  
Likes you back, likes you back, likes you back

[Verse 1]

Everything is heightened  
We're feelin' vulnerable  
I'm makin' you this vow, uh  
That you can have it all  
Take whatever you want, take whatever you want[Refrain]  
Don't wanna leave, girl, without you  
And I can't sleep, no, I wouldn't know how to  
When I need a compass, yeah, yeah  
You're the one that I come get

And you tell me go wherever you want, go wherever you wanna[Chorus]

Couldn't get any better, huh  
You and I here together, huh  
Love kicked in and hit us, huh  
Let your body tingle, uh

[Verse 2]

And now my circle of friends got tighter  
I don't have time no more  
Look, I'm only fuckin' with you, for real  
And baby, you can have it all  
Take whatever you want, take whatever you want[Refrain]  
Don't wanna leave, girl, without you  
And I can't sleep, no, I wouldn't know how to  
When I need a compass, yeah, yeah  
You're the one that I come get

And you tell me go wherever you want, go wherever you wanna[Chorus]

Couldn't get any better, huh  
You and I here together, huh  
Love kicked in and hit us, huh  
Let your body tingle, uh[Bridge]

Now I know it's 8 o'clock

And we've been kissin' for hours  
When the moon wakes up the sun  
And our shadows kissed up on the mountains  
Our kiss is somethin' to watch  
Yes I know it's 8 o'clock, oh  
And we've been kissin' for hours  
But when the moon wakes up the soon  
And our shadows kissed up on the mountains  
Our kiss is somethin' to watch[Chorus]  
Couldn't get any better, huh  
You and I here together, huh  
Love kicked in and hit us, huh  
Let your body tingle, uh[Chorus]  
Take a light, do you like that?  
'Cause it likes you back  
Likes you back, likes you back, likes you back  
Take a light, do you like that?  
'Cause it likes you back  
Likes you back, likes you back, likes you back[Outro]  
Back to you, ooh Montana  
Take me back to you, ooh, Montana  
Take me back to you, ooh, Montana  
Take me back to you, ooh, Montana  
Back to you, ooh Montana  
Take me back to you, ooh, Montana  
Take me back to you, ooh, Montana  
Take me back to you, ooh, Montana
