

# The Color of Love

## Boyz II Men

I was lonely  
I needed someone to see me through  
I was at the end of my rope  
I needed someone to cut me loose  
And then an angel out of the blue  
Gave me the sense that i might make it through  
And somehow I survived with no rhyme or reason  
And now I know I'll make it through the  
miracle of you  
I know The Color Of Love  
And it lives inside of you  
I know the color of truth  
It's in the image of you  
If it comes from the heart  
Then you know that it's true  
It will color your soul like a rainbow (Like a  
rainbow)  
And The Color Of Love is in you  
Colors, the colors, the colors, the colors of  
Colors, the colors, the colors, the colors of  
Colors, the colors, the colors, the colors of  
Love, love, love  
Like a bridge  
Over troubled, troubled water  
You stood beside me, stood beside me  
And your love did not falter  
And then the angel, the angel in you  
Gave me the strength to know that I will get through  
And that's how I survived, ain't no other reason  
And now I know I'll make it through the miracle of you  
I know The Color Of Love  
And it lives inside of you  
I know the color of truth  
It's in the image of you  
If it comes from the heart  
Then you know that it's true  
It will color your soul like a rainbow (Like a  
rainbow)  
And The Color Of Love is in you (Is in you)  
Colors, the colors, the colors, the colors of  
Colors, the colors, the colors, the colors of (It's the colors)  
Colors, the colors, the colors, the colors of  
(Oh... oh... oh... oh... oh... oh...)  
Love, love, love  
So girl, I wanna thank you  
I can't thank you enough

For showing me the meaning  
The meaning of true love  
When i was lost and so in need You opened up your heart  
When I needed you to comfort me  
You opened up your arms  
I couldn't face another day  
You said, "Don't be afraid" You showed my heart the  
Showed me the way  
I know The Color Of Love (Hey, hey, hey, hey, ho ho  
ho)  
And it lives inside of you (It lives in you)  
I know the color of truth (Oh... whoa... ho...)  
It's in the image of you  
If it comes from the heart (Comes from the heart)  
Then you know that it's true  
It will color your soul like a rainbow  
And the color is in you  
Colors, the colors, the colors, the colors of (Oh)  
Colors, the colors, the colors, the colors of (It's  
the colors)  
Colors, the colors, the colors, the colors of  
Love, love, love  
Oh... the color of you
