## **I Forgive You**

## **Kelly Clarkson**

I forgive you, I forgive me Now when do i start to feel again I forgive you, I forgive me Now when do i start to feel againCause the lights are on But I'm never home But I'll be back with a brand new attitude Cause I forgive youI forgive you We were just a couple of kids Trying to figure out how to live Doing it our way No shame, no blame Cause the damage is done And I forgive you I forgive you We were busy living the dream Never noticed the glass ceiling falling on us No shame, no blame Cause the damage is done And I forgive youI forgive you, I forgive me Now do I start to feel again If I hate you, what does that do So I breathe in and I count to 10Cause the lights are on And I'm coming home Yes I am back With a new heart in my hand Cause I forgive you I forgive you We were just a couple of kids Trying to figure out how to live Doing it our way No shame, no blameCause the damage is done And I forgive youI forgive you We were busy living the dream Never noticed the glass ceiling falling on us No shame, no blame Cause the damage is done And I forgive youI forgive you For every time that I cried Over some stupid thing you did to hurt me That's alright, yeah I forgive youI forgive you We were just a couple of kids Trying to figure out how to live

Doing it our way No shame, no blame Cause the damage is done And I forgive youI forgive you We were just a couple of kids Trying to figure out how to live Doing it our way No shame, no blame Cause the damage is done And I forgive youI forgive you We were busy living the dream Never noticed the glass ceiling falling on us No shame, no blame Cause the damage is done And I forgive you Song Discussions is protected by U.S. Patent 9401941.
