## Sleeping At Last

With golden streams  
Our universe was clothed in light Pulling at the seams  
Our once flaring world now friends with fire  
We may fall in love  
Every time we open up our eyes I get spaced in time  
Takes violent things, angry things  
& makes them kind  
We are the dust of dust  
We are the apple of God's eye  
We are infinite  
As the universe will hold you inside  
Infinity times infinity  
Infinity times infinity times infinity Infinity times infinity times infinity times infinity  
Let there be light, let there be light  
Let me be right  
The dust of dust  
We are the apple of God's eye We are infinite  
As the universe will hold you inside  
We are the dust of dust  
We are the apple of God's eye  
We are infinite  
As the universe will hold us inside  
Ooh ooh ooh  
Ooh ooh ooh  
Let there be light, let there be light  
Let me be right  
With golden streams  
Our universe was brought to light  
That we may fall in love  
Every time we open up our eyes
