

# Send It Up

## Vertical Horizon

Ooh, you make me lay down  
Ooh, you make me forget I am here  
Ooh, you're making me safe now  
Ooh, you make the faces disappear I'm alright, by the way  
Everyone saves the day  
Sometimes I feel it Send it up  
Ah, send it up now  
Send it up Send it up  
Ah, send it up now  
Send it up  
Ooh, I feel so close now  
Ooh, you're taking me back from where I've been  
Ooh, I'm not alone now  
Ooh, you rest me up and rush me in I'm alright, by the way  
Everyone saves the day  
Sometimes I feel it Send it up  
Ah, send it up now  
Send it up  
Send it up to me Send it up  
Ah, send it up now  
Send it up I'm alright, by the way  
Everyone saves the day  
Sometimes I feel it  
Send it up  
Ah, send it up now  
Send it up  
Send it up to me Send it up  
Ah, send it up now  
Send it up  
Send it up to me Send it up  
Ah, send it up now  
Send it up, it up now Send it up  
Ah, send it up now  
Send it up now, now  
All it up to you
