

# Breathe (feat. Rob Swire)

[Eric Prydz](#)

Sun's always falling  
Weightless and free  
Now when you close your eyes  
Just breathe, breathe with me  
Let go  
Release  
Let go of the way you're feeling  
Release, over and under till you return to me  
The sky's always falling  
Weight underneath  
And when you close your eyes  
Just breathe, breathe with me  
Let go  
Release  
Let go of the way you're feeling  
Release, over and under till you return to me  
Let go of the way you're feeling  
Release of the way you are  
Let go of the way you're feeling  
Release, over and under till you return to me  
Let go  
Release  
Let go  
Release
