

The Sleaze

Wiz Khalifa

This year I'm going insane, mental disease
Puttin' a bar up to a place, niggas can't reach
Bout to cop so many chains, li'l Mr. T
The way she give me brain, she need a degree
She dropped it to the floor, she did it for cheese
Told her that I need some more, she did it with sleaze
Clique full of G's
And they go ape, don't swing through the trees
Try, them triggers will squeeze
Did it with sleaze
And your wifey love a nigga with sleeves
Hit it and leave
I ain't stressing, when will you niggas believe
Shit is a breeze
Give me dem keys
Just got the newest thang, did it with ease
Hopped up out the bed, did it with sleaze
They say I run the game, literally
I walked into the bank, did it with sleaze
My car is sleazy, my squad is sleazy
My job is sleazy, it's way too easy
Just got the newest thang, did it with ease
Hopped up out the bed, did it with sleaze
Ain't too much hustling
Get it go straight to the bank, my nigga I can't get enough of it
Ashes all over my jeans
If the shit's stank I'm puffing it
Trying to do shit just like Puff did it
Dirty ass game, ain't no love in it
Let niggas hate, bitches lovin' it
They say I run the game
Got fortune, fuck the fame
My garage look like a showroom
Couple ounces in my brain
Damn she fine, thick as can be
Buy me all the newest things, ma this dick ain't for free
Everywhere I go I'm weed scented
Rock crew necks ripped jeans with it
Take no swag, mix sleaze with it
Take your ho, to spend cheese with us
Everywhere I go I'm weed scented
Rock crew necks ripped jeans with em
Take no swag, mix sleaze with it

Taylor Gang, we be's with it
Just got the newest thang, did it with ease
Hopped up out the bed, did it with sleaze
They say I run the game, literally
I walked into the bank, did it with sleaze
My car is sleazy, my squad is sleazy
My job is sleazy, it's way too easy
Just got the newest thang, did it with ease
Hopped up out the bed, did it with sleaze Taylor Gang
If you real badass, you know what the fuck I'm talking bout
Fuck the rules, we make our own
I'm my own boss
I count my own money
I fire the fuck out of you niggas If I feel like it
And I'm sleazy as hell
Feel me? Just got the newest thang, did it with ease
Hopped up out the bed, did it with sleaze
They say I run the game, literally
I walked into the bank, did it with sleaze
My car is sleazy, my squad is sleazy
My job is sleazy, it's way too easy
Just got the newest thang, did it with ease
Hopped up out the bed, did it with sleaze
