Massachusetts

Arlo Guthrie

Like a dream in the night As the snow settles white There's a fire burning bright In MassachusettsAnd there's a house upon a hill That keeps us from the chill And by the grace of God we will Be in MassachusettsYou can tell me 'bout the times you spent In the Rockies and on the plains Please don't think that I'm the last to say That there ain't lots of other places In this world that still remain Beautiful and unchanged But they're just not the same The sun comes up to meet the dawn And there's a day that must go on There's another night that's gone In MassachusettsAnd I could spend all of my days And remain each day amazed At the way each day is phrased In MassachusettsYou can tell me 'bout the times you spent In the Rockies and on the plains Please don't think that I'm the last to say That there ain't lots of other places In this world that still remain Beautiful and unchanged But they're just not the same Now if you could only see I know you would agree There ain't nowhere else to be

Like MassachusettsAnd there's a house upon a hill
That keeps us from the chill
And by the grace of God we will

And by the grace of God we will Be in MassachusettsCome on and tell me about the time you spent

In the Rockies and on the plains

Please don't think that I'm the last to say

That there ain't lots of other places In this world that still remain

Beautiful and unchanged

But they're just not the same

As Massachusetts
