

# Hollywood

## Kasey Chambers

And if I was in a movie I would hold my head up high  
And if I was in a movie I would never be this shy  
I would shout aloud and be so proud of what I have to say  
And if I was in a movie I would never have let you get away  
And if I was in a movie I would stand the test of time  
And if I was in a movie I would get away with crime  
I would run so fast and always last the distance of the day  
And if I was in a movie I would never have let you get away  
Chorus  
But this is not Hollywood  
There is no camera in my room  
This is not Hollywood  
Flowers grow before they bloom  
Well you can light a room when you walk in, that cuts me like a knife  
This is not Hollywood  
This is my life  
And if I was in a movie I would never be this sad  
And if I was in a movie I would have more than I have  
I would show the world I'm just a girl who has so much to say  
And if I was in a movie I would never have let you get away  
Chorus  
But this is not Hollywood  
There is no camera in my room  
This is not Hollywood  
Flowers grow before they bloom  
Well you can light a room when you walk in, that cuts me like a knife  
Cause this is not Hollywood  
This is my life  
Yeah this is not Hollywood this is my life
