

# Symphonies (feat. Kid Cudi)

Dan Black

I can't disguise I was hypnotized  
Lost the track, struggled back  
I'd wanted easy stuff to please me  
Something in the dark began to squeeze me  
Seen it there, thinner in the mirror  
Totally focused, no hocus pocus  
Dare I give in to this thing gripping my skin  
To win, thinking how to  
As the lights of the cars go by in a stream  
Seems like I stand pretty much unseen  
But I open my eyes and beams come out  
Gimme, gimme symphonies  
Gimme more than the life I see  
Score rise up, angels play  
Let my loneliness get blown away  
Gimme, gimme symphonies  
Gimme more than the life I see  
I lie down in the dust just under your eye  
A scrap of paper, thin as vapour  
Filling my clothes like smoke  
A couple of the wires in my heart are broke  
I float, I miss something, nothing but  
Dreams, schemes, moments wasted  
Taste I tasted, fate I'm fated  
Re-edited again then copy/pasted  
As the lights of the cars go by in a stream  
Seems like I stand pretty much unseen  
But I open my eyes and beams come out  
Gimme, gimme symphonies  
Gimme more than the life I see  
(Score rise up, angels play  
Let my loneliness get blown away)  
Gimme, gimme, symphonies  
Gimme more than the life I see  
When I wanna quit, I suffocate it  
I chew Bubblicious, stress repetitious  
Vicious, I'm one outsider  
Up above the streets on the DC wire  
Higher, fire in my guts  
In a rut, but what I've got  
Is in no can, no other human  
But I do get lonely, scared I'm phony  
As the lights of the cars go by in a stream  
Seems like I stand pretty much unseen  
But I open my eyes and beams come out  
Gimme, gimme symphonies  
Gimme more than the life I see  
Score rise up, angels play  
Let my loneliness get blown away  
Gimme, gimme symphonies  
Gimme more than the life I see  
Gimme, gimme symphonies  
Gimme more than the life I see  
Gimme, gimme symphonies
