

Hurt a Little While

Patty Griffin

It might hurt a little while
Hurt a little while
It might hurt a little longer than a little while
But one of these days I'm gonna smile again
One of these days I'm gonna smile
One of these days I'm gonna smile again
One of these days I'm gonna smile again
I might cry a little while
Cry a little while
I might cry a little longer than a little while
But one of these days I'm gonna laugh again
One of these days I'm gonna laugh
One of these days I'm gonna laugh again
One of these days I'm gonna smile
I might need a little walk
I might need a little talk
I might need a little help
For a little while
I might need a little care
All my friends were there
I might need a little love for a little while
I might feel a little weary
I might need a new theory
I might feel a little bad
For a little while
But one of these days
I'm gonna shine again
One of these days
I'm gonna shine
One of these days
I'm gonna shine
One of these days...
I'm gonna smile
