

# Great Divide

## MAGIC GIANT

Reachin' out into the mistake  
Left behind the road we've run  
Found each other in the winter  
Lost each other in the sun  
Oh, we're bound to get it right next time  
Drown the darkness in the light - let it shine  
I'll see you on the other side  
Across the Great DivideThe world is such a wishful fishbowl  
We could call it "Home Sweet Home"  
Swimmin' 'round a plastic castle  
We both thought was made of stone  
Oh, we're bound to get it right next time  
Drown the darkness in the light - let it shine  
I'll see you on the other side  
Across the Great DivideIt's so easy not to try  
Watch the world go spinnin' by  
I saw it flash before my eyes  
The Great Divide is tall & wide  
So now is time to start the climbOh, we're bound to get it right next time  
Drown the darkness in the light - let it shine  
I'll see you on the other side  
Across the Great Divide  
Oh, we're bound to get it right next time  
Drown the darkness in the light - let it shine  
I'll see you on the other side  
Across the Great Divide
