

# And I Told Them I Invented Times New Roman

## Dance Gavin Dance

But now you know that I am cold  
(Take me out now, I've dropped the mast down)  
And now I am found  
(Take me out now, I've dropped the mast down) Duck down, then hide, behind the file cabinet  
Duck down, then hide, behind the file cabinet, down  
Without ever letting go I knew you'd gone  
Duck down, then hide, behind the file cabinet  
Duck down, then hide, behind the file cabinet, down  
Without ever letting go I knew you'd gone astray  
Stranded here in this cold atmosphere  
Waiting for the lifeless words to come from your mouth  
Enduring every sound This is not why the cast is hollow  
Sending the rats to follow  
Under the weight of all these eyes  
Fry  
But now you know that I am cold  
(Take me out now, I've dropped the mast down)  
And now I am found  
(Take me out now, I've dropped the mast down) I lay without understanding  
I don't know why I feel this way  
Oh lay down girl take my world  
I know why I can't see your face  
I've placed every mole there is to place on your wasted body  
Oh lay down girl and take my world  
I know why I can't see your face As the window left shattered now  
We saw the withered body try to shout  
You thought the price of your life was devout  
And told us some things you can't live without  
And was this what was best for us?  
And was this what was best for us?  
Just let it show (Rest where you ought to be)  
(Block out your misery)  
I'll bring you far (Wait for the call)  
Well I'll go for it (You left in the hallway)  
I'll beg you when you know (People they change)  
(And I would still be ashamed)  
I'll beg you when you know (To let the weight of the world)  
Well I'll go for it (Rest on your shoulders)  
I don't believe the lies (I'll fight until the war is over)  
I don't believe the lies (I'll fight until the war is over)

I'll die for you (I'll fight until the war is over)  
(I'll fight until the war is over)  
I don't believe the lies (I'll fight until the war is over)  
I don't believe the lies (I'll fight until the war is over)  
It's staged for you (I'll fight until the war is over)  
(I'll fight until the war is over)Left at my feet rests the soul of my brother  
Vengeance will fall for the deeds of another
