

Our Demons (feat. Aja Volkman)

The Glitch Mob

No wonder, you're so stubborn
Nobody ever made you dig deeper
No wonder you've got demons
Everything you ever did is coming back around
I can't help you, if I'm weaker
You took the honey from the queen bee keeper
No wonder, you have demons
Everyone's got a choice this time around
Around
No wonder, you're so stubborn
Nobody ever made you dig deeper
No wonder you've got demons
Everything you ever did is coming back around
I can't help you, if I'm weaker
You took the honey from the queen bee keeper
No wonder, you have demons
Everyone's got a choice this time around
Everything you ever did is coming back around
