

Gamblin' Man

Eddie Money

Get up now! Ever since I can't remember, our heads they feel the thunder
Try and understand, I'm a gamblin' man, I'm just a gamblin' man
I play with cards and shoot the dice
I called her eighth shot and I, I played the horses too
Now I'll play it with you I'm a gamblin' man, a gamblin' man, and I'll get what I can, when I can
I'm a gamblin' man, just a gamblin' man, I'll win when I can, when I can Ooh, now, look over
your shoulder, you found a four-leaf clover
Makes you feel like a lucky man, oh no no, you're a gamblin' man
Like I say I'm not supposed to really charming the ladies' gun
And they just so seemed to understand, I'm a gamblin' man, hey, hey
I'm a gamblin' man, just a gamblin' man, and I'll get what I can, when I can
I'm a gamblin' man, a gamblin' man, and I'll win when I can, when I can Yeah yeah yeah... Yeah
yeah yeah... Ye-e-e-eah, ever since I can't remember, our heads they feel the thunder
Won't you try and understand, I'm a gamblin' man
Ooh now, look over your shoulder, you found a four-leaf clover
Don't it make you feel like a lucky man? I'm a gamblin' man, hey
I'm a gamblin' man, I'm a gamblin' man, and I'll get what I can, when I can
I'm a gamblin' man, I'm a gamblin' man, and I'll win when I can, when I can Play that cards,
shake that dice, break that bubble, cuttin' 'em down
Play that cards, shake that dice
Break that bubble, cuttin' 'em down, down, yeah yea
