Where Do We Go from Here

[Sub Urban](#)

It was never easy it was sun and rain
a roller coaster ride of joy and pain
when you truly love someoneyou love them foreverthe day you left me i thought i would die
i tried so hard to get on with my life
now you've come back home you say you were wrong
and maybe we should be togetherwell I cant live without you got knows how I've tried
and yet I'm still afraid you're gonna break this heart of mine
i don't wanna lose you but i don't wanna live in fear
so tell me where do we go from here
i want so much to believe you have changed
i wanna be the one who takes your name
but you just cant walk back in and tell me youre sorry
(so sorry baby)right now I'm standing at a fork in the road
my hearts sayin' yes but my heads saying no
you tell me that you love me but loves nothing without trust
but got sometimes i wish i didn't love you so muchI can't live without you got knows how I've
tried
and yet I'm still afraid you're gonna break this heart of mine
i don't wanna lose you but i don't wanna live in fear
so tell me where do we go from here
I can't live without you got knows how I've tried
and yet I'm still afraid you're gonna break this heart of mine
i don't wanna lose you but i don't wanna live in fear
so tell me where do we go from here
