

Face to Face (Rudee Remix) [feat. Stanfour]

ATB

Remembering the days when we used to be face to face
Face to face
Talking, touching technology cannot replace, face to face
Face to face.
If I call your name, wish you were here
And I call your name, will you appear
Oh If I call your name, reading your brain
And If I call your name, face to face.
Oh face to face,
It's face to face,
Face to face
Face to face
Remembering the days when we used to be face to face
Face to face
Talking, touching technology cannot replace, face to face
Face to face.
If I call your name, wish you were here
And I call your name, will you appear
Oh If I call your name, reading your brain
And If I call your name, face to face.
Oh If I call your name, I wish you were here
And I call your name, will you appear
Oh If I call your name, reading your brain
And If I call your name, face to face.
Oh we're face to face we're face to face
Remembering the days when we used to be face to face
Face to face
