

How Could You?

Saliva

I'm addicted to every single thing you do
I'm dying inside You're sucking me down
It makes me feel I'm gonna drown
It's killing me now
All you do is bring me down All this time and all your lies
It has been no surprise and I realize it now How could you cheat on me
Then turn your back on me
You told me all the lies and hypnotized and I believed
How could you cheat on me
Then turn your back on me
You told me all the lies and hypnotized and I believed
I'm coming to know
All the secrets that you hold
You think I'm a fool
And I don't know what you do
One look in your eyes
And you finally realize All this time and all your lies
It has been no surprise and I realize it now How could you cheat on me
Then turn your back on me
You told me all the lies and hypnotized and I believed
How could you cheat on me
Then turn your back on me
You told me all the lies and hypnotized and I believed And now with all your pride
You still can't look me in my eyes
And now in all your shame
You can't even speak my name
How could you cheat on me
Then turn your back on me
You told me all the lies and hypnotized and I believed
How could you cheat on me
Then turn your back on me
You told me all the lies and hypnotized and I believed I'm addicted to every single thing you do
I'm dying inside...
