

# Fuck It

## Seether

Fuck It"

I guess I like it when we play  
(The way you drag me down)

I guess I like it when you hate me  
(The way you drag me down)

Cause I can't face myself in a mirror  
(I'm left alone with all my pain)

And I disgrace myself in the mirror(I'm left alone with my shame)

Fuck it! I see you in me

Fuck it! I feel you in me

Fuck it! I'll heal you in me

Fuck it! I see you in me

Fuck it! I feel you in me

Fuck it! I'll heal you in me

I guess I like it when we fight  
(The way you drag me down)

I guess I like it when you smite me  
(The way you drag me down)

Cause I can't face myself in a mirror  
(I'm left alone with all my pain)

And I disgrace myself in the mirror(I'm left alone with my shame)

Fuck it! I see you in me

Fuck it! I feel you in me

Fuck it! I'll heal you in me

Fuck it! I see you in me

Fuck it! I feel you in me

Fuck it! I'll heal you in me

You're out of luck - can't get a piece of me

It's all blown up. Don't even fuck with me.

I cannot please you all forever

I cannot please you at all(I can feel you coming up behind me)

Fuck it! I see you in me

Fuck it! I feel you in me

Fuck it! I'll heal you in me

Fuck it! I see you in me

Fuck it! I feel you in me

Fuck it! I'll heal you in me
