

Something to Sleep To

Michelle Branch

She's his yellow brick road
Leading him on
And letting him go
As far as she lets him go
Going down to nowhere She puts on her make-up
The same way she did yesterday
Hoping everything's the same
But everything has changed In my mind
Everything we did was right
Open your eyes, I'll still be by your side
How could I ever have been so blind?
You give me something to sleep to
At night
He wakes up to the sound
So scared that she's leaving
He wishes she were still
Asleep next to him
Hoping she will change In my mind
Everything we did was right
Open your eyes, I'll still be by your side
How could I ever have been so blind?
You give me something to sleep to
At night You give me something to sleep to
And all I know is
You give me something to dream to
When I'm all alone and blue
Don't leave me now
Don't leave me now
Don't leave me now
Don't leave me now
Don't leave me now Don't leave me now
Don't leave me now
Don't leave me now In my mind In my mind (In my mind)
Everything we did was right (woah)
Open your eyes, I'll still be by your side (Everything we did was right, woah)
How could I ever have been so blind? (Open your eyes, I'll still be by your side)
You give me something to sleep to (you give me something)
Something to sleep to (you give me something)
Something to sleep to at night (you give me something to sleep to)
Woah woah woah, ho oh
You give me something to sleep to

Something to sleep to at night
