

You So Much As Move

One Minute Silence

I've considered all sides, resist the war cries
Manifested more times than we don't care to count
You don't want to save me; you don't want to play me
You don't want to go there with me, cos ill bury you
I don't want to say that, I don't want to say what
I don't want to say what it is, what are you thinking
You don't want to go there, you don't want to go where
You so much as move a inch or
You so much as move a inch or
I believe in none of the above
Have I failed to mention some of the above?
I believe in none of the above
Have I failed to reach you, failed to reach you I've considered my side, reconsidered first prize
All about me and my and my
How to be a good man, How to be a good man where
What about the whores in the Vatican selling me
Anybody want in? Anybody want out?
I don't wanna bow down with you, at this altar of
I don't want to go there, I don't want to go where
You so much as move a inch or
You so much as move a inch or I believe in none of the above
Have I failed to mention some of the above?
I believe in none of the above
Have I failed to reach you, failed to reach you
And I've never known anyone, not a single soul
Ever said anyone ought to die alone?
I don't know, I don't care, when I'm gone, I'm gone
Let it go, let it go, and this world becomes
Never known anyone, not a single soul
Ever said anyone ought to die alone?
I don't know, I don't care, when I'm gone, I'm gone
Let it go, let it go, and this world becomes You so much as move
You so much as move
You so much as move
You so much as move
You so much as move
You so much as move
