

(I see gold, I see life, I see cash, I see light)  
She saw light  
(I see gold, I see life, I see cash, I see light)She saw light  
(I see gold, I see life, I see cash, I see light)  
She saw light  
(See gold, I see life, I see cash, I see light)She saw light  
(See gold, I see life, I see cash, I see light)  
She saw light  
(I see gold, I see life, I see cash, I see light)  
She saw light  
(See gold, I see life, I see cash, I see light)  
She saw light  
(See gold, I see life, I see cash, I see light)  
She saw light  
(See gold, I see life, I see cash, I see light)  
She saw light  
(See gold, I see life, I see cash, I see light)  
She saw light  
(See gold, I see life, I see cash, I see light)
