## Now I'm Here

## Queen

Here I stand Look around around around But you won't see me Now I'm here Now I'm there I'm just a just a new man

Yes you made me live again

A baby I was when you took my handAnd the light of the night burned bright And the people all stared didn't understand

But you knew my name on sight Whatever came of you and me? America's new bride to be Don't worry baby I'm safe and sound Down in the dungeon just Peaches and me

Don't I love her so?

Yes she made me live again Yeah! A thin moon me in the smoke screen sky Where the beams of your love light chase Don't move don't speak don't feel no pain With the rain running down my face Your matches still light up the sky And many a tear lives on in my eye Down in the city just Hoople and me

Don't I love him so don't I love him so?

Whatever comes of you and meI love to leave my memories with you Now I'm here

> Think I'll stay around around around Down in the city just you and me Don't I love you so? Go, go, go, little Queenie
