

# What You Gonna Do About Me (feat. Beth Hart)

[Buddy Guy](#)

You say it's over and you're ready to move on.  
You want to believe all the fire is gone.  
But I feel some hesitation, even as you leave.  
Think it through, what you gonna do about me? It hasn't always been easy, you and I both know.  
But the easy way out, will be a hot way to go.  
Do you think you can forget what we had so easily?  
Think it through, what you gonna do about me? You may go out and find another, but what you  
think you lookin for?  
You might think you found a lover, but you'll still be wanting something more.  
When you close your eyes you might be surprised at who you're gonna see.  
Oh baby, what you gonna do about me? So stop and think it over, baby, before you leave it all  
behind.  
No matter where you go, no matter what you do,  
I'll still be there in the back of the line.  
When you close your eyes you might be surprised at who you gonna see.  
Oh baby, what you gonna do about me?  
You might spend a lifetime fighting back my memory.  
Now oh baby, what you gonna do about me? Oh, I want you to think it through.  
What you gonna do, what you gonna do about me?
