

Satisfy (feat. Ron Carroll) [Malaa Remix]

Mercer

You keep me satisfied
You satisfy the need in me
You're always on my mind
And I just need your love tonight You keep me satisfied
You satisfy the need in me
You're always on my mind
And I just need your love tonight I need to love you need to love you
I need to love you need to love you
You keep me satisfied
You satisfy the need in me
You're always on my mind
And I just need your love tonight You keep me satisfied
You satisfy the need in me
You're always on my mind
And I just need your love tonight
I need to love you need to love you
I need to love you need to love you
I need to love you need to love you
I need to love you need to love you
