

Every Little Thing (feat. Playboi Carti)

Joey Fatts

That's my cutthroat bitch, aye little cutthroat, that's my cutthroat bitch
Every little thing that we do

Should be between me and you

The freaky things that we do

Should be between me and you

When you see me out here flexing in my coupe

Nigga I'm flexin' up on you

Probably be flexin' with my crew

Like we ain't got shit to do baby
She gon fuck the whole gang if i ask her to

She ain't worried about it girl, this between me and you

Had to buy an Audi because a nigga crashed the coupe

So tell me if you bout it because a nigga sliding through

Always coolin' never boolin' you know how I move

All this gold on my body gotta keep a tool

Ride his dick like a Ducati in the pussy oh

And she never say a word, that's why I fuck with you

Every little thing that we do

Should be between me and you

The freaky things that we do

Should be between me and you

When you see me out here flexing in my coupe

Nigga I'm flexin' up on you

Probably be flexin' with my crew

Like we ain't got shit to do baby
Imma keep it true, I ain't gassin' another bih

Hoe top me off in my whip, hoe sick

3 chains on, still ain't buy that hoe shit

I'm a real nigga, you a little bitch

I be on my guap, smoking on that jit

She gone have a fit when she see my new bih

Please gon have a fit when he see my new whip

That hoe ain't tryna leave when she see the new crib

That hoe ain't tryna leave when she see who's in the stash

Money bags shawty might just give you a whole bag

Every little thing that we do

Should be between me and you

The freaky things that we do

Should be between me and you

When you see me out here flexing in my coupe

Nigga I'm flexin' up on you

Probably be flexin' with my crew

Like we ain't got shit to do baby
