The Key (feat. Kelis)

Breach

Have you back in my face
Rises past, past, past
Thou can't just get to my space
I know, gotta feel,
Some things seem so real

We got so much history

I heard you, I heard you,

I heard you, I heard you

You heard me

No we don't need their be

What I need's you hereYou got so many issues

You got so many issues You got so many issues

You got so many issues

You got so many issues

You got so many issuesSo fast, so that you gave back my key

So fast, so that you gave back my key

So fast, so that you gave back my key

So fast, so that you gave back my key

So fast, so that you gave back my keySo fast, so that you gave back my key

So fast, so that you gave back my key
