

Love Juju #2

Somi

You came 'round and you cast your spell
I won't look, won't touch or tell
This is magic Black skin, palm wine, long hair
I feel like truth or dare
Don't wake me if I'm dreaming
This is magic Na wa o
This is juju
Na wa o
This is juju
They say it must be juju
You're using juju
They say it must be juju
You're using juju I can hear your heart beat slow
Like shekere behind blindfolds
This is magic Dark chocolate, cowry shells
Plantain and mango smells
I swear my heart is screaming
This is magic They say it must be juju
You're using juju
They say it must be juju
You're using juju
Cuz I can't, I can't let go
Each night I hear you callin'
Cuz I can't, I can't let go
Each time I'm deeper fallen
