It Ain't Easy

[Blake Shelton](#)

Easy, easy, easy, easy
It ain't easy, it ain't easy
Easy, easy, easy...Yeah I used to be alright just saying goodnight
Maybe see you tomorrow
Yeah I could go a couple of days
Just doing my thing
Whatever I wanted
But now, your kisses hit me like lightning
Can't fight it, girl you put it on me
Yeah you stone me, when you ain't with me
I ain't nothing but lonely
It ain't easy anymore
When I'm walking out your door
My feet drag across the floor
And it just about kills me
I hate picking up my keys
I hate kissing you goodbye
No i ain't gonna lie
With that look in your eyes
And your arms around me
Girl believe me
It ain't easy anymore
No it ain't easy, that's for sureSomething different 'bout a Friday night
And the neon lights if you ain't beside me
Now I love it when you call me on the phone
Saying "hurry on home" you got something special on
And it's just for me
Damn you make it hard to leave
It ain't easy anymore
When I'm walking out your door
My feet drag across the floor
And it just about kills me
I hate picking up my keys
I hate kissing you goodbye
No i ain't gonna lie
With that look in your eyes
And your arms around me
Girl believe meIt ain't easy leaving my baby in the bed
And driving away knowing the last thing you said
Was "don't go, don't leave, lay here with me"
Girl you're making me crazy
It ain't easy, no, no, no, it ain't easy

It sure ain't baby, yeah babyIt ain't easy anymore
When I'm walking out your door
My feet drag across the floor
And it just about kills me
I hate picking up my keys
I hate kissing you goodbye
No i ain't gonna lie
With that look in your eyes
And your arms around me
Girl believe me
It ain't easy anymoreNo it ain't easy, walking out your door
Mmm, no it ain't easy, no, no
No it ain't easy walking out your door
It ain't easy, oh, it ain't easy
