

# Muddy (feat. Young Dolph & Young Scooter)

## Gucci Mane

Got buddy, my buddy  
Goddamn that boy pour muddy  
My buddy pour muddy  
Goddamn that boy pour muddy  
Pour it in - muddy, muddy...  
Goddamn that boy pour muddy  
Real muddy, that boy pour muddy  
Goddamn that boy pour muddy I've got a buddy pour the shit real muddy  
Goddamn that boy pour muddy  
I've got a buddy pour the Sprite real dirty  
Goddamn, goddamn, goddamn...  
I've got a buddy from the country but he think he from the city  
He a country shady nigga but the nigga really picky  
Drankin' on a pint and it cost a pretty penny  
Gucci Mane and Dolph, freshest niggas in the city  
All these bosses eat a trap, shoot with the rats  
Econoline '99, I was sellin' sacks  
Mama threw me out the house and I moved in with Pot  
Sleepin' on the floor, I didn't even have a stack  
Take a whole 2 litre, pour a whole pint in it  
And I'm in the club sleepin' 'cause that lean got me trippin'  
And I smoke an ounce with it, plus I'm on the mollies, nigga  
Clear crystals keep me up, that lean bring me down, nigga  
When we put it up, it be muddy...  
South Memphis, I'm with OG Boo Dirty  
I'm on a paper route, I've gotta fuck with Young Dolph  
Money, power, ammunition, PeeWee, take 'em off  
I call pilots, tell 'em... a thousand pints up  
Nigga wanna spend an 80, knowing he a duck  
Soon as I left out of court I started pouring up  
And we don't pour up red, we pour up purple, bruh  
All I drink is mud...  
Take your girl and turn her into my nighttime slut  
But we don't hardly ever fuck  
I swear I'm scared of that bitch 'cause her pussy too good  
Damn, or maybe it could be me  
I'm full of syrup, jumped in that pussy and fell asleep  
Shit... I can't be doin' this  
Go with my pistol in my hand and went and took a piss  
Damn... yeah, I've been goin' HAM  
Go and ask the streets be, they gon' tell you who I am  
Your little sister say she love me

Your baby mama wanna fuck me and my cup extra muddy
