

Naked

Reef

Sing with me.
That's is where I'm at.
Hoot with me.
I'd get into that.
If you know where I'm at,
I would get a kick from that.
Muddy face, bloody hand.
Naked we dance on our clothes. So will you come with me?
I'll take you away Spin with me,
That's is what I feel
Open your arms.
Release from within.
If you know where I'm at.
I would get a kick from that.
Come the dark,
Light a fire.
In the rain we raise our heads
So will you come with me?
I'll blow you away
