

# King of the Beach

## Wavves

Let the sun burn my eyes  
Let it burn my back  
Let it sear through my thighs  
I'll feel wide wide open  
Let the sun burn my eyes  
Let it burn my back  
At the beach  
In my dreams  
But you still  
me and you never gonna stop me  
me and you never gonna stop me  
me and you never gonna stop me  
me and you never gonna stop me  
King of the beach  
King of the beach  
Let the sun burn my eyes  
Let it burn my back  
Let it burn through my thighs  
I'll feel wide wide open  
At the beach I'm with Jeans  
And it's wide wide open  
At the beach  
In my dreams  
But you still  
me and you never gonna stop me  
me and you never gonna stop me  
me and you never gonna stop me  
me and you never gonna stop me  
King of the beach  
Never gonna stop me  
me and you never gonna stop me  
me and you never gonna stop me  
me and you never gonna stop me  
King of the beach  
King of the beach  
King of the beach  
King of the beach  
King of the beach
