

# Beautiful Lasers (2 Ways) [feat. MDMA]

## Lupe Fiasco

There's only two ways out of here  
You wait, too late  
You'll be trapped here forever  
There's only two ways out of here  
One's through the door  
The other's through me Sometimes living in a world like this  
It's pretty hard not to go insane  
Not pretty if you don't comply  
Pretty easy if you don't complain  
Stand there like you don't feel pain  
No tears in the face of defeat  
Pretend to the end that you don't fear change  
Don't admit that your faith is weak  
Don't say that you feel like dying  
Life's hard and it feels like diamonds  
Your home's just far too gone  
Much too late to even feel like trying  
Can't understand what I'm saying?  
Can't figure out what I'm implying?  
If you feel you don't want to be alive  
You feel just how I am  
I'm on the dark side  
And you can't come find 'em  
Hell when there's light all around you  
Yeah, when it's darker inside  
No winners when it's me against me  
One of us just ain't gonna survive  
My heart been broke for a while  
Yours been the one keeping me alive There's only two ways out of here  
You wait, too late  
You'll be trapped here forever  
There's only two ways out of here  
One's through the door  
The other's through me  
This world is such a fucked up place  
My mind such in fucked up shape  
Everything down here sucks  
Maybe what's up there is great  
We all gotta go one day  
I just wanna cut to the chase  
I wanna stop these nightmares  
I just wanna touch your face

All you see is all my feats  
All I see is all my flaws  
All I hear is all my demons  
Even through your applause  
All you see is all my flights  
Well all I see is all my falls  
All you see is all my rights  
All I see is all my wrongs  
Door keep telling me to fight  
Gun on the table telling me to "come on"  
Telling me to put him inside my hand  
Then put it up right next to my dome  
Door keep telling me to find a reason  
Anything to keep me from squeezing  
Simplest things yeah, you really like summer  
You really like music, you really like reading  
Love, I can't win when it's me against me  
One of us just ain't gonna survive  
My heart been broke for a while  
Yours been the one keeping me alive  
Yours been the one keeping me alive  
Yours been the one keeping me alive! There's only two ways out of here  
You wait, too late  
You'll be trapped here forever  
There's only two ways out of here  
One's through the door  
The other's through me The other's through me  
The other's through me  
The other's through me  
The other's through me
