

# Cosmic Invocation Rites

## Inquisition

Cosmic invocation rites summon ancient war  
Members of the ancient cult chanting to the stars  
Demons of unholy ones gather upon our call  
Powers from the stars above give us strength of fire...burn!Journey through the tunnel eye on  
the path to moons  
On the lonesome worlds of dust solar rays shine  
Flying through the rays of death rising as a king  
Satan, you, I call upon... spirit of my soul...rise!Cosmic realm - Satan's eyes  
Endless black - where light dies  
Falling stars - Satan's rise  
Magic rays - burn with might
