Whoa oh oh oh oh oh whoa oh oh
oh oh oh oh
Christmas time is over now and it feels like rain again
12 days is not enough for me to feel
But you are mine
Come home come home to me
Come home again come home
Come home to me
Come home again
Winter shards wash over me needles falling from the trees
You have gone but your warmth lingers and I feel at ease
But memories last for only a while
I need you by my side
Come home come home to me
Come home again
Come home come home to me
Come home again come home
Come home to me
Come home again
Come home come home to me
Come home again
Come home come home to me
Come home again
Come home come home to me
Come home again
