

# Survival

## Yes

Sunshine is creepin' in  
An' somewhere in a field, a life begins  
An egg too proud to rape  
The beginnin' of a shape of things to come  
That starts the run, life has begun, fly fast the gun  
The mother flew too late  
An' life within the egg was left to fate  
Not really knowin' how  
The world outside would take it, when it came  
And life? s the same, for things we aim, are we to blame?  
Don? t doubt the fact there? s life  
within you  
Yesterday? s endings will tomorrow life give you  
All that dies, dies for a reason  
To put its strength into the seasons  
Survival, survival  
They take away an' they give you life of their name  
The living? s right to live, it? s all that we need to show  
The living? s right to know  
The egg breaks, all is out  
The crawlin' bird begins to scream an' shout  
Where is the parent bird  
A loneliness arose an' heard its name ringing  
For lives begin, survival win, survival sin  
So soon the evening comes  
An' with it runs the achin' fear of hate  
Could someone still remain  
Who thinks he still could gain by escapin' fate?  
It? s much too late don? t underrate, appreciate  
Don? t doubt the fact there? s life within you  
Yesterday? s endings will tomorrow life give you  
All that dies, dies for a reason  
To put its strength into the seasons  
Survival, survival  
They take away an' they give you life of their name  
The living? s right to live, it? s all that we need to give  
The living? s right to know  
Survival, survival  
They take away and they give you life of their name  
The living? s right to live, it? s all that we need to give  
The living? s right to know, it? s all that we have to show  
An' we? re all goin', an' we? re all goin'  
An' we? re all goin', an' we? re all goin'  
An' we? re all goin' somewhere
