

# So What (feat. Rockie Fresh)

## Sam Bruno

[Verse 1: Sam Bruno]

I've been of alright, swirwin' through the late  
Hands on your body, nah I ain't afraid  
Your name on the list, dressin' out the place  
You want this, you gettin' this, it is just a taste, so what?  
Daddy, weed or party, don't look away  
Take another drink and pour it down my drain  
1942 made me feel awake, whatcha wanna do?  
That's what we do, we blow the way, so what?

[Chorus: Sam Bruno]

Feed me what you wanna feed me daddy (daddy)  
Eat up what you wanna, it's all your candy (candy)  
Feed me what you wanna feed me daddy (daddy)  
Eat up what you wanna, it's all your candy  
You ready? I'm ready Say what you wanna say about us  
Roll it up, breathe it down, light it up, I smoke it out  
Bring it to me, blow it out, open mouth, shut it down  
Bring it to me, light it up, open mouth, blow it out  
Open mouth, blow it out, breathe it down, so what? Feed me what you wanna feed me daddy  
(daddy)

Eat up what you wanna, it's all your candy (candy)  
Feed me what you wanna feed me daddy (daddy)  
Eat up what you wanna, it's all your candy  
You ready? I'm ready

[Verse 2: Rockie Fresh]

Yeah, Rockie checkin' in  
Yeah, if you spend the night with me  
You gon' want a life with me  
You never had to fight for me  
I'm everywhere you like to be  
So that's right, put in work, move that ass, throw the shirt  
Know I love to watch you twerk  
I'mma let you finish first  
Take my time and I'm in a slow-motion (slow-motion)  
Guess I'm turnin' out to be all that you hopin'  
Got your focus, got you swimmin' in an ocean, got you wet  
And them other girls gon' have to show respect you worked the check [Bridge: Sam Bruno]

We were havin' another fight  
You said I show you mine, you show me yours  
We were havin' another fight  
You said I show you mine, you show me yours [Chorus: Sam Bruno]  
Feed me what you wanna feed me daddy (daddy)

Eat up what you wanna, it's all your candy (candy)  
Feed me what you wanna feed me daddy (daddy)  
Eat up what you wanna, it's all your candy  
You ready? I'm ready[Outro]  
Your way...  
Your way...
