

# U Gussed It

## OG Maco

God damn, boy, that nigga Mac didn't never call, bruh  
But I'm seeing that nigga everywhere, bruh  
Dog, you know they say nigga went Hollywood and shit  
Fuck that nigga, dog, OGG, fuck is a OGG? OGG, OGG, aye, bruh  
I mean, you don't think that nigga really getting no money, right?  
I mean, he ain't really fucking hoes, right? Well, damn Bitch, you guessed it  
Hwah, you was right  
Bitch, you guessed it Grah-grah, fuck nigga on sight  
Bitch, you guessed it  
Still in that place and I'm flexin'  
Hwah, bitch, you guessed it  
I'm still with my niggas, come and test us, OGG  
Bitch you guessed it, walkin' around with extra in my pocket  
Bitch, you next to us, why the fuck are you next to us?  
Bitch, you should come test us  
I seen what you rockin' and bitch you can't dress with us  
Seen what yo bitch looked like  
And nigga I wasn't impressed or nothin'  
Fuck nigga, come and talk it out, fuck nigga, we ain't talkin' it out What the fuck we finna talk  
about  
All we know is that Mula, Benji's, Franklin's and that Guala  
Fetti with us, bunch of young niggas  
Bunch of them bitches all in they whip, lickin' on titties  
Runnin' my check up, I think I'm with Nike, I'm sprinting  
Sheesh, y'all couldn't hear me  
Bitch, you guessed it, you was motherfucking right  
I pull up with checks on me  
If you are broke than you cannot stand next to me  
Nigga you know you cannot ever F with me  
Shawty I'm with got her legs in the air for me  
She do it carefully  
One more chain then we gon' need a referee  
And my car mellow like Anthony  
Too many rings, too many chains  
Too many racks and some gas on me  
Bitch you know you guessed it, flexin'  
Necklace had another necklace like it's pregnant  
And the necklace had another mothafuckin' nother necklace  
Southside with a F ho  
And the F stands for 40 thousand, that's what I charge for a walkthrough, uh  
Met a girl named Summer in the wintertime, love when she fall through  
Had that bitch sprung, took her to the mall to do a ball through

And these true confessions, I'm making the extras and your pockets anorexic  
Text her and said send me pictures naked  
She said "Is this 2 Chainz?" Bitch, you guessed it  
Nigga, you was right  
Still with my niggas and we flexing  
Bitch, you guessed it
