

Love Your Love the Most

Eric Church

I love sleeping in on Saturdays
And I love college football games
I love not acting my age
And good barbeque Yeah I'm a fan of all the books
And anything my mama cooks
Smallmouth bass have got me hooked
On Sunday afternoon Yes I love good cold beer
And mustard on my fries
I love a good loud honky tonk
That rocks on Friday night
And hell yes I love my truck
But I want you to know
Honey I love your love the most Man I love how Redman tastes
And damn I love my Nascar race
Any song sung by George Strait
Is country at it's best Yes I love good cold beer
And mustard on my fries
I love a good loud honky tonk
That rocks on Friday nights And hell yes I love my truck
But I want you to know
Honey I love your love the most
I love
Yeah I love scuffed up cowboy boots
And broken tore up jeans
A four wheel drive, eight point bucks
And rocky road ice cream
And hell yes I love my dog
And Jack D in my coke
But honey I love your love
Yeah I love your love
I love your love the most
I love your love the most
