Liv Tonight

Nelly & Keri Hilson

I just wanna live tonight*

I just wanna live tonight away

I just wanna live tonight

I just wanna live my life, ayI-I-I-I-I-I

I just wanna live tonight

I just wanna live tonight away

I just wanna live tonight

I just wanna live my life, ayNew York, LA, Chicago, VA, Saint Louis

I just wanna live my life, ay

Hey Vegas, Miami, hey London

Chicago, hey Providence

(I said, I said, I said)

I just wanna live my life, ay

Top down there's a road on the backstreet

Shot gun with a twin in the backseat

No one with them two, it's just me

Pull up to the club like a pimpsy

Shouts out to the players in the VIP

Hey DJ, yeah you remember me

It's the nigga with same proof from outta suit

And we be, we be Poppin' bottles, making noise

On the tables, on the bars

And at every bar

Tell them girls to freak them boys

I feel the patron jello shots

I'm throwing one hundred dollar rain drops

I live it up, yo, and they not, they not

Cause today

I just wanna live tonight

I just wanna live tonight away

I just wanna live tonight

I just wanna live my life, ayNew York, LA, Chicago, VA, Saint Louis

I just wanna live my life, ay

Hey Vegas, Miami, hey London

Chicago, hey Providence

I just wanna live my life, ayI'm with whatever shawty

What you thinkin'?

I'm treating all night

So what you drinkin'?

Don't be afraid little mama, let loose

Get shawty there another grey goose

Tell your friends "come here"

Let's see what they do

What they do, heyGo shawty, it's your birthday

Wanna Maybach for my birthday

Want the place to see my birthday

Black on black to light grey

And you can roll with me

Yeah, you can roll with me

All yall can roll with me

Cause todayI just wanna live tonight

(Wanna live it)

I just wanna live tonight away

I just wanna live tonight

I just wanna live my life, ayNew York, LA, Chicago, VA, Saint Louis

I just wanna live my life, ay

Hey Vegas, Miami, hey London

Chicago, hey Providence

I just wanna live my life, ay

I just wanna dance tonight away

Said I just wanna live tonight awayIf you like our sound

Then shawty let's get down

You wanna go crazy

Then let's go now

Tonight we gonna party

'Till they shut the club down

I'm going hard

Until they kick my ass outIf you like our sound

Then shawty let's get down

You wanna go crazy

Then let's go now

Tonight we gonna party

'Till they shut the club down

I'm going hard

Until they kick my ass out, outI just wanna live tonight

(I just wanna live tonight)

I just wanna live tonight away

(Just wanna live tonight away)

I just wanna live tonight

I just wanna live my life, ay

(I just wanna live my life, ay)New York, LA, Chicago, VA, Saint Louis

I just wanna live my life, ay

(Just wanna live my life, ay)
